John Reed is bored with his life and his uneventful police career in a sleepy town in Missouri, until a girl is found dead in the nearby forest. The event triggers John's suppressed memories of the summer of 1957, when he was on his way to Las Vegas and crossed paths with a girl that was on the run, trying to get to the resort at Manhattan beach. They traveled together for a few days by stealing cars, until the police and her uncle caught up to them, with tragic results. As he

investigates the brutal murders of several young girls, the past and present begin to blur in his mind.

Danish photographers Trine Søndergaard (born 1972) and Nicolai Howalt (born 1970) joined annual fall and winter hunts in Denmark to create their series *How to Hunt*. Portraying the age-old practice in its contemporary incarnation as a sport, the duo investigates hunting's transformation from a necessity of survival to a symbol of cultural privilege.

The inmates of an extensive underground prison struggle to build meaningful lives in a broken system, in the most ambitious

graphic novel to date from rising indie star Chris Gooch (*Bottled* and *Deep Breaths*). *Under-Earth* takes place in a subterranean landfill, hollowed out to serve as a massive improvised prison. Sunken into the trash and debris of the past—Gameboys, iPhones, coffee cups, old cars—we follow two parallel stories. In the first, a new arrival struggles to adapt to the everyday violence, physical labor, and poverty of the prison city. Overwhelmed and alone, he finds a connection with a fellow inmate through an old, beat-up novel. While these two silent and uncommunicative men grow closer thanks to their book, the stress of their environment will test their new bond. Meanwhile, a pair of thieves pull off a risky job in exchange for the prisons'

schematics and the promise of escape—only to be betrayed by their employer. On the run with their hope for escape now gone, the two women set their minds to revenge. Yet as they lay their plans, their focus shifts from an obsession with the outside world to the life they have with each other. Equal parts sincerity and violence, *Under-Earth* explores humanity's inextinguishable drive to find meaning, connection, and even family—and how fragile such constructions can be.

They were predicting storms for the end of the day but the sky stayed blue and the wind died down. I went to take a look in

the kitchen - make sure things weren't getting clogged up in the bottom of the pot. Everything was just fine. I went out onto the porch armed with a cold beer and stayed there for a while, my face in the sun. It felt good. It had been a week now that I'd been spending my mornings in the sun, squinting like some happy idiot - a week now since I'd met Betty.' *BETTY BLUE* remains a cult book and film nearly twenty years since its first outing.  A classic of British cultural studies, *Profane Culture* takes the reader into the worlds of two important 1960s youth cultures—the motor-bike boys and the hippies. The motor-bike boys were working-class motorcyclists who listened to the early rock 'n' roll of the late 1950s. In contrast, the hippies were middle-class drug users with long hair and a love of progressive music. Both groups were involved in an unequal but heroic fight to produce meaning and their own cultural forms in the face of a larger society dominated by the capitalist media and commercialism. They were pioneers of cultural experimentation, the self-construction of identity, and the curating of the self, which, in different ways, have become so widespread today. In *Profane Culture*, Paul Willis develops an important and still very contemporary theory and methodology for understanding the constructions of lived and popular culture. His new preface discusses the ties between the cultural moment explored in the book and today.

 Vaclav Havel is one of the most important European writers of our time. In 1979 he was sentenced to four and a half years of hard labour for his involvement in the Czech human rights movement, Charter 77. In prison he was allowed to write to his wife, Olga, once a week. He used the opportunity for profound reflections, on theatre, society and philosophy. These letters form a remarkable document, and a work of lasting value. 'From Havel, we learn that the true heroes of our time are those who stay the course.' Bruce Chatwin

'My father and I head towards a nervous breakdown as he attempts to erase three years of Communist indoctrination in the course of a single evening. I simply cannot comprehend that Lenin, the friend of all children, is now allegedly an arsehole.' When seven-year-old Mischka and her family flee the oppressive USSR for the freedom of Vienna, her world seems to divide neatly in two: there's life as she knew it before, and life as she must relearn it now. But even as she's busy dressing her new Barbie, perfecting her German and gorging on fresh fruit, Mischka is aware that there's part of her that can never escape her homeland, with its terrifying folktales, its insidious anti-Semitism and its old family secrets. As her parents' marriage splinters and her sister retreats into silence, Mischka has to find her own way of living when her head and her heart are in two places at once. There is darkness galore in this novel. But there is also much comedy to be had in its twisted enchanted tales. It is as seductive

and unsettling as similar work by Angela Carter or Margaret Atwood, while it shares a geography with Everything Is Illuminated and If I Told You Once.

Karlheinz Deschner (1924-2014) was a German scholar. He spent the first sixty years of his life investigating the history of the Catholic Church before starting the ten volumes of his maximum opus, *Kriminalgeschichte des Christentums* (Christianity's Criminal History), which ended at ninety. White nationalists are pretty knowledgeable of the Jewish problem. But very few are aware that Jewish subversion is an epiphenomenon of a religion of Semitic origin: Christianity. Who among the white nationalists-or what more recently is known as the Alt-Right-

knows the real history of Christianity? Who is aware that Christian fanatics literally destroyed the Greco-Roman world? The present book is an abridged translation of some chapters of the first three volumes of Deschner's *Christianity's Criminal History*.

Julius Schlesinger, aspiring SS officer, has received orders to remove from the roof of Prague's concert hall the statue of the Jewish composer Felix Mendelssohn. But which of the figures adorning the roof is the Jew? Remembering his course on racial science, Schlesinger instructs his men to pull down the statue with the biggest nose. Only as the statue they have carefully chosen begins to topple does he recognize that it is not Mendelssohn; it is Richard Wagner. Thus begins a story of disarming simplicity that traces the transformation of ordinary lives in Nazi-occupied Prague. Death abetted by the petty malevolence of Nazi functionaries wins all the battles but ultimately loses the

war, defeated by the fragile flowering of courage and defiance.
