In this first full-length study devoted

explicitly to the examination of Ottoman/Turkish-inspired architecture in Western Europe during the eighteenth and nineteenth centuries, Nebahat Avcioglu rethinks the question of cultural frontiers not as separations but as a rapport of heterogeneities.

Reclaiming turquerie as cross-cultural art from the confines of the inconsequential exoticism it is often reduced to, Avcioglu analyses hitherto neglected images, designs and constructions; and links Western interest in the Ottoman Empire to notions of self-representation and national politics. In investigating why and to what effect Europeans turned to the Turk for inspiration,

Avcioglu provides a far-reaching cultural reinterpretation of art and architecture in this period. Presented as a series of case studies focusing on three specific building types—kiosks, mosques, and baths—chosen on the basis that each represents the first full-fledged manifestations of their respective genres to be constructed in Western Europe, the study delves into the cultural politics of architectural forms and styles. The author argues that the appropriation of those building types was neither accidental, nor did it merely reflect European domination of another culture. The process was essentially dialectical, and contributed to transculturation in both the West and the East.

The Sun Also Rises  
Ernest Hemingway - A collection of Ernest Hemingway's works from the early 1920s, including one of his most famous works, *The Sun Also Rises*, as

well as short stories and poems. Ernest Hemingway's first novel, *The Sun Also Rises*, is also his most widely acclaimed. Set against the backdrop of Paris café society and the running of the bulls in Pamplona, Spain, the novel focuses on the lives of American expatriates in the 1920s. Although the Lost Generation is often considered to have been damaged and dissolute in the aftermath of World War I, Hemingway portrays them as strong characters who are imbued with independence. This edition also includes Hemingway's novella *The Torrents of Spring*, the short story collection *In Our Time* (1925), and various other short stories, poems, and newspaper

and magazine articles from the early 1920s. A scholarly introduction examines Hemingway's life and writing career, providing readers with a deeper understanding of his works.

A catalogue made by collectors for collectors. This year the Spink Maury Catalogue, heir to the prestigious Maury, Ceres and Dallay catalogues, continues its work of research, compiled over generations of philately. It covers all French stamps from 1849 to the present day, offering hundreds of changes – with oddities, new varieties and discoveries presented, as always, in an exceptional way.

Included in the new material is the continuation of the monographic studies, presenting a stamp per page with all varieties known until the First World War; a redesign of types Merson and Pasteur; and a specialised part devoted to Marianne de Beaujard, reviewed in depth. In addition the section on current usage stamps (TUC) is fully updated following feedback from our contributors and readers. France has one of the most beautiful philatelic legacies in the world, and we are pleased to be its modest ambassador to the numerous international readers who join us each year. "Layout and coverage are sumptuous ... The trite phrase "mine of

information" does not begin to do justice to this immense achievement. To any collector of France beyond the elementary stage, this would be a bargain at twice the official retail price ... Highly recommended. ....an absolute must for collectors of French stamps..." Michael Round, Journal of the France & Colonies Philatelic Society Le Kiosque 2 Hachette Fle

This book presents research on the instruction of two heritage languages and two foreign languages in Israeli schools. The authors explore language policy and the way languages are studied from the point of view of students, teachers, schools and curricula. Language in Israel is a loaded concept, closely linked to ideological, political, and social issues. The profound changes in language policy in the West along with two large waves of immigration from the Former Soviet Union and Ethiopia resulted in new attitudes towards immigrant languages and cultures in Israel. Are these new attitudes strong enough to change the

language policy in the future? What do students and teachers think about the language instruction at school? Are the teaching materials updated and do they address modern demands? This book provides answers to these and other questions. As well as describing the instruction of two heritage languages, Russian and Amharic, and two foreign languages, French and Spanish, the book also contains an extensive background on the immigration history and acculturation process of the speakers of each of these languages. An in-depth understanding of the case of Israel will serve as a guide for other countries contending with similar

issues pertaining to the adjustment of language policies in light of immigration and other challenging circumstances.

A companion volume to Drake's *Intellectuals and Politics in Post-War France* (2002), *French Intellectuals from the Dreyfus Affair to the Occupation* traces the political positions adopted by French writers and artists from the end of the 19th century to the Liberation. Drawing on a wide range of primary and secondary sources, it offers a clear and accessible analysis of the intellectuals'

engagement with nationalism, pacifism, communism, anti-communism, surrealism, fascism and anti-fascism, which is located within the evolving national and international context of the period.
