Robyn Schneider's *The Beginning of Everything* is a witty and heart-wrenching teen novel that will appeal to fans of books by John Green and Ned Vizzini, novels such as *The Perks of Being a Wallflower*, and classics like *The Great Gatsby* and *The Catcher in the Rye*. Varsity tennis captain Ezra Faulkner was supposed to be homecoming king, but that was before—before his girlfriend cheated on him, before a car accident shattered his leg, and before he fell in love with unpredictable new girl Cassidy Thorpe. As Kirkus said in a starred review, "Schneider

takes familiar stereotypes and infuses them with plenty of depth. Here are teens who could easily trade barbs and double entendres with the characters that fill John Green's novels." Funny, smart, and including everything from flash mobs to blanket forts to a poodle who just might be the reincarnation of Jay Gatsby, *The Beginning of Everything* is a refreshing contemporary twist on the classic coming-of-age novel—a heart-wrenching story about how difficult it is to play the part that people expect, and how new beginnings can stem from abrupt and tragic endings.
