IELTS Speaking Test Practice - IELTS Speaking Exam Preparation & Language Practice for the Academic Purposes and General Training Modules by IELTS Success Associates contains 16 IELTS practice speaking tests. This book will help you improve your grammar, language skills, vocabulary and fluency for the IELTS speaking test. IELTS Speaking Test Practice is designed for upper-intermediate to advanced learners of English. This study guide is conveniently organised into 8 parts: PART 1: How to improve your speaking test score The study guide begins with an overview of the IELTS speaking test format. It also provides you with tips and techniques to improve your speaking test score. PART 2: Grammar and sentence construction on the speaking exam You will learn what aspects of grammar and what types of sentence construction examiners are looking for in each part of your interview. PART 3: Using conditional sentences on the IELTS speaking tasks There are exercises teaching you how to use conditional sentences in order to get a higher score. PART 4: Sample speaking exam 1 Complete speaking exam with the following sections for each of the three IELTS speaking tasks: Overview of each of the tasks, explaining the format and pointing out what is expected of you Tips for preparing for each of the tasks, with in-depth explanations Sample responses for each task with exercises and explanations PART 5: Useful conversational phrases In the next section of the study guide, we provide useful conversational phrases for you to practise for your speaking test. PART 6: Vocabulary improvement There is also a special section

on how to improve your vocabulary for the IELTS speaking text. You will study lists of words for the topics most commonly tested on the IELTS speaking exam. PART 7: Three more complete IELTS speaking practice exams with model responses The book then has teacher's comments on each task. There are also exercises that ask you to analyse how the vocabulary, grammar and phrases are used in the sample responses. Each of the three speaking practice exams has three tasks each, just like the real IELTS speaking test. There are twelve speaking tasks, and texts for twelve model responses are provided. PART 8: Twelve additional speaking practice tests The twelve additional speaking tests are on these topics: Culture and Cultural Events Education Environment Family and Friends Food and Nutrition Free Time, Hobbies and Leisure Newspapers, Media and Technology Role Models Shopping and Consumerism Television Transport Travel and Tourism See a free sample of this book: For a free sample of this book, please click on the "Look Inside" icon on the top left corner of this page. *Why Not Eat Insects?* John Catt Educational  
INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." – Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state

than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Hello! magazine's April 2018 'book of the week' Set across two decades in London and Ireland, Her Mother's Daughter sees the lives of a troubled and emotionally abusive mother and her innocent ten-year-old daughter change forever after one summer holiday. 1980: Josephine flees her home in Ireland, hoping never to return. She starts a new, exciting life in London, but as much as she tries, she can't quite leave the trauma of her childhood behind. Seventeen years and two children later, Josephine gets a call from her sister to tell her that their mother is dying and wants to see her - a summons she can't refuse. 1997: Ten-year-old Clare is counting down to the summer holidays, when she is going to meet her grandparents in Ireland for the first time. She hopes this trip will put an end to her mum's dark moods - and drinking. But family secrets can't stay buried forever and following revelations in Ireland, everything starts to unravel. Have Josephine and her daughter passed the point of no return?

Fifty of the world's most creative people share their stories and inspirations in this volume created by the Exploratorium science museum. What do music visionary Brian Eno, kinetic sculptor Theo Jansen, science writer Mary Roach, Mythbuster Adam Savage, and Pulitzer-winning journalist Thomas Friedman have in

common? They are all game-changers: scientists, artists, entertainers, and activists who revolutionized their fields with bold new perspectives and approaches—and they all had transformative, course-setting experiences at the Exploratorium science museum, the San Francisco landmark visited by a million people a year in person and by millions more online. Join them and forty-five more brilliant thinkers and doers in a wonderfully playful, insightful, and sometimes incredibly moving journey to see how you, too, can harness your powers of observation, inquiry, and engagement to be the change you want to see in the world—regardless of who you are or what you do. Interviewees and subjects include: Oscar-Winning Sound Designer Walter Murch on observation Laurie Anderson on art as a way of knowing Memory Expert Elizabeth Loftus on how we learn Oliver Sacks on perception Mary Roach on how she learned to ask the right questions Adam Savage on the fun of finding things out Mickey Hart on the art of playing to learn, and learning to play California Governor Gavin Newsom on the importance of science Community activist Randy Carter on finding joy in the worst of places . . . and dozens more interviews, insights, and activities suggested by artists, scientists, poets, and politicians, in a book that can help you become more creative—and maybe just change the world.

*Blood and Earth* Heinle & Heinle Pub

For readers of such crusading works of nonfiction as Katherine Boo's *Beyond the Beautiful Forevers* and Tracy Kidder's *Mountains Beyond Mountains* comes a powerful and captivating examination of two entwined global crises: environmental destruction and human trafficking—and an inspiring, bold plan for how we can solve them. A leading expert on modern-day slavery, Kevin Bales has traveled to some of the world's most dangerous places documenting and battling human trafficking. In the course of his reporting, Bales began to notice a pattern emerging: Where slavery existed, so did massive, unchecked environmental destruction. But why? Bales set off to find the answer in a fascinating and moving journey that took him into the lives of modern-day slaves and along a supply chain that leads directly to the cellphones in our pockets. What he discovered is that even as it destroys individuals, families, and communities, new forms of slavery that proliferate in the world's lawless zones also pose a grave threat to the environment. Simply put, modern-day slavery is destroying the planet. The product of seven years of travel and research, *Blood and Earth* brings us dramatic stories from the world's most beautiful and tragic places, the environmental and human-rights hotspots where this crisis is concentrated. But it also tells the stories of some of the most common products we all consume—from computers to shrimp to jewelry—whose origins are found in these same places. *Blood and Earth* calls on us to recognize the grievous harm we have done to one another, put an end to it, and recommit to repairing the world. This is a clear-eyed and inspiring book that suggests how we can begin the work of healing humanity and the planet we share. Praise for *Blood and Earth* "A heart-wrenching narrative . . . Weaving together interviews, history, and statistics, the author shines a light on how the poverty, chaos, wars, and government corruption create the perfect storm where slavery flourishes and environmental destruction follows. . . . A clear-eyed account of man's inhumanity

to man and Earth. Read it to get informed, and then take action."—Kirkus Reviews (starred review) "[An] exposé of the global economy's 'deadly dance' between slavery and environmental disaster . . . Based on extensive travels through eastern Congo's mineral mines, Bangladeshi fisheries, Ghanaian gold mines, and Brazilian forests, Bales reveals the appalling truth in graphic detail. . . . Readers will be deeply disturbed to learn how the links connecting slavery, environmental issues, and modern convenience are forged."—Publishers Weekly "This well-researched and vivid book studies the connection between slavery and environmental destruction, and what it will take to end both."—Shelf Awareness (starred review) "This is a remarkable book, demonstrating once more the deep links between the ongoing degradation of the planet and the ongoing degradation of its most vulnerable people. It's a bracing reminder that a mentality that allows throwaway people also allows a throwaway earth."—Bill McKibben, author of *Eaarth: Making a Life on a Tough New Planet*

correct them in a way they will understand; an answer key with model answers for Writing and Speaking exercises; an audio CD with material for Listening and Speaking sections, and model answers for Speaking; and audio scripts.

*Assessing English on the Global Stage* Atlantic Books

This book tells the story of the British Council's seventy-five year involvement in the field of English language testing. The first section of the book explores the role of the British Council in spreading British influence around the world through the export of British English language examinations and British expertise in language testing. Founded in 1934, the organisation formally entered the world of English language testing with the signing of an agreement with the University of Cambridge Local Examination Syndicate (UCLES) in 1941. This agreement, which was to last until 1993, saw the British Council provide substantial English as a Foreign Language (EFL) expertise and technical and financial assistance to help UCLES develop their suite of English language tests. Perhaps the high points of this phase were the British Council inspired Cambridge Diploma of English Studies introduced in the 1940s and the central role played by the British Council in the conceptualisation and development of the highly innovative English Language Testing Service (ELTS) in the 1970s, the precursor to the present day International English Language Testing System (IELTS). British Council support for the development of indigenous national English language tests around the world over the last thirty years further enhanced the promotion of English and the creation of soft power for Britain. In the early 1990s the focus of the British Council changed from test development to delivery of British examinations through its global network. However, by the early years of the 21st century, the organisation was actively considering a return to test development, a strategy that was realised with the founding of the Assessment Research Group in early 2012. This was followed later that year by the introduction of the Aptis English language testing service; the first major test developed in-house for over

thirty years. As well as setting the stage for the re-emergence of professional expertise in language testing within the organisation, these initiatives have resulted in a growing strategic influence for the organisation on assessment in English language education. This influence derives from a commitment to test localisation, the development and provision of flexible, accessible and affordable tests and an efficient delivery, marking and reporting system underpinned by an innovative socio-cognitive approach to language testing. This final period can be seen as a clear return by the British Council to using language testing as a tool for enhancing soft power for Britain: a return to the original *raison d'être* of the organisation.

'The Chimes is a remarkable debut. It's inventive, beautifully written, and completely absorbing. I highly recommend it.' Kevin Powers, author of *The Yellow Birds*  
A mind-expanding literary debut composed of memory, music and imagination. A boy stands on the roadside on his way to London, alone in the rain. No memories, beyond what he can hold in his hands at any given moment. No directions, as written words have long since been forbidden. No parents - just a melody that tugs at him, a thread to follow. A song that says if he can just get to the capital, he may find some answers about what happened to them. The world around Simon sings, each movement a pulse of rhythm, each object weaving its own melody, music ringing in every drop of air. Welcome to the world of *The Chimes*. Here, life is orchestrated by a vast musical instrument that renders people unable to form new memories. The past is a mystery, each new day feels the same as the last, and before is blasphemy. But slowly, inexplicably, Simon is beginning to remember. He emerges from sleep each morning with a pricking feeling, and sense there is something he urgently has to do. In the city Simon meets Lucien, who has a gift for hearing, some secrets of his own, and a theory about the danger lurking in Simon's past. A stunning debut composed of memory, music, love and freedom, *The Chimes* pulls you into a world that will captivate, enthrall and inspire.
