A holiday is a time to relax, unwind and see the sights. But for two adventurous

sexagenarians, the sights have a tendency to include dead bodies. Etta and Dora, both newly retired teachers, travel from their home in Southern Italy to a fairy-tale German town for their first home swap holiday, delighted by their neighbours' warm welcome. But the welcome turns sour when the Night Watchman of Rothenburg is brutally murdered while his tour

group takes photographs nearby, a halberd buried in his chest and a peculiar iron mask by his side. When the murderer claims a second victim and the son of their hospitable neighbours becomes the number-one suspect, Etta's analytical mind goes to work. Why was a shame mask left at the scene of each murder? Is there a clandestine trade going on behind the scenes of apparently upstanding

local businesses? And why does every lead take her back to the sinister Devil's Ale pub and the terrifying gang who lurk within? Meanwhile, Dora has a puzzle of her own - how can she persuade Etta that a loveably disobedient Basset Hound called Napoleon is now a permanent part of their lives? ♦♦♦ Pack your bags, jump into the backseat of Etta and Dora's old Fiat

500, and join them on their travels around Europe. There'll be mystery, murder and mayhem aplenty wherever they go. ♦♦♦ The Night Watchman of Rothenburg Dies is the first book in The Homeswapper's Mysteries a new travel mystery series from Italian author Adriana Licio. **The Secret of Poppyridge Cove** Lily Webb To all appearances, North Bank is

antiques. Then cranky customer Earl is killed, and Aly's new boss Olive is the prime suspect. She's also the only person who can help Aly understand her unexpected superpowers. Who hated Earl enough to kill? Police would rather make a quick arrest than investigate, so it's up to Aly to clear Olive's name. Shady Grove is reeling from the first murder in decades, but no one seems to know

anything. If Aly gets her hands on the right object, she might be able to see what happened. Can she learn to control her visions before the killer sets their sights on her? Welcome to Shady Grove: where science meets seances. Mystic Pieces is the first book in the Shady Grove Psychic Mystery series, which is perfect for readers who like small towns, antiques, supernatural sleuths, and

slightly nerdy STEM heroines. Okay, really nerdy heroines. Fans of Stella Bixby, Annabel Chase, Amy Boyles, Lily Harper Hart, and Samantha Silver will definitely all under this small town's spell. Praise for Mystic Pieces: "Mystic Pieces is a charming, humorous, and original mystery that weaves a tale of murder and self-discovery with heart, family, and psychic visions." -

Reader's Favorite "This was a solid start to this paranormal cozy mystery series. I had fun reading this one. I liked the inclusion of Aly's psychic powers and how she tried to use them to help solve the mystery. It made sense how she got involved and how she went about figuring out who had done it. And I liked how natural and realistic instead forced some of the coincidences felt. The mystery kept

me guessing, although the murderer wasn't too big of a surprise there were some nice twists along the way and I was never quite sure who the murderer was. I liked Aly as a main character and reading about her and her powers. I liked the side characters and how each had their own personality that made it easy to remember. All in all I really enjoyed this book and look forward to the next book in the series!" -
