___ THE MULTI-MILLION COPY BESTSELLER John Grisham's first and most shocking novel, adapted as a film starring Samuel L. Jackson and Matthew McConaughey When Carl Lee Hailey guns down the violent racists who raped his ten-year-old daughter, the people of the small town of Clanton, Mississippi see it as justice done, and call for his acquittal. But when extremists outside Clanton - including the KKK - hear that a black man has killed two white men, they invade the town, determined to destroy anything and anyone that opposes their sense of justice. A national media circus descends on Clanton. As tensions mount, Hailey hires the inexperienced

Jake Brigance to defend him. It's the kind of case that could make a young lawyer's career. But it's also the kind of case that could get a young lawyer killed.

Two-timing bargirls, suspicious spouses and lesbian lovers - it was all in a day's work for Bangkok Private Eye Warren Olson. For more than a decade, Olson walked the mean streets of the Big Mango. Fluent in Thai and Khmer, he was able to go where other private eyes feared to tread. His clients included Westerners who had lost their hearts and life savings to moneyhungry bargirls. But he had more than his fair share of Thai clients, too, including a sweet old lady who was ripped off by a Christian conman and a Thai girl blackmailed by a former lover. The stories are based on Olson's case files, disguised to protect the innocent and the guilty by bestselling author Stephen Leather. Olson has now relocated to his native New Zealand with his Thai wife and daughter, but the agency that he founded is still open for business at www.thaiprivateeye.com.

The Holy Shroud and Four Visions W. W. Norton

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research

medicine to a recreational drug sparking hysteria and prohibition. In *LSD: My Problem Child*, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

A RURAL IDYLL Spurning realistic advice from the locals and the skepticism of their daughter, the professor and his wife decided to surround themselves with cows. There was much to learn: the biology of medical research, with minute traces of cells in Petri dishes, was not the same as the biology of separating a possessive, thousand-pound cow from her calf. These tales show how a couple and their teenage children learnt to look after their beasts and appreciate the magic of the land and of the seasons. Along the way they developed a fondness for Irish Wolfhounds, known as Gentle Giants, and less of a regard for goats. Local farmers included some colorful characters who became fast friends and who initiated them into such country pursuits as bull-and-oyster roasts and machine-gun shoots. Perhaps the most enduring lesson of all may be an appreciation of the hard circumstances and deep work ethic of those who grow our food. Dr. Richard Hansford has enjoyed a long career as a research scientist and

medical educator. His previous books include *The Doctor Factory* and *Rats in Science and Medicine*, which examine the ethical challenges of working in an offshore medical school and in the trenches of scientific research. The present work is kinder and gentler and more in keeping with his other non-fiction book, *Ignorance is Bliss - Sailing with Dad*.

 José Rizal has a good
 claim to being the first
 Asian nationalist. An
 extremely talented Malay
 born a hundred years ago
 in a small town near

Manila, educated partly in the Philippines and partly in Europe, Rizal inspired the Filipinos by his writing and example to make the first nationalist revolution in Asia in 1896. Today the Philippines revere Rizal as their national hero, and they regard his two books, *The Lost Eden* (Noli Me Tangere) and *The Subversive* (El Filibusterismo) as the gospel of their nationalism. *The Subversive*, first published in 1891, is strikingly timely today. New nations emerging in Africa and Asia are once again in conflict with their former colonial masters, as were the Filipinos with their Spanish rulers in Rizal's day. *The Subversive* poses questions about colonialism which are still being asked today: does a "civilizing mission" justify subjection of a people? Should a colony aim at assimilation or independence? If independence, should it be by peaceful evolution or force of arms? Despite the seriousness of its theme, however, *The Subversive* is more than a political novel. It is a romantic, witty, satirical portrait of Spanish colonial rule in the Philippines at the end of the nineteenth century,

written in the tradition of the great adventure romances. The translation by Leon Ma. Guerrero, Philippine ambassador to the Court of St. James, conveys the immediacy of the original, and makes this important work available to a new generation of readers. His translation of *The Lost Eden* is also available in the Norton Library.

BEYOND BOOKS HUB

Chinese and Japanese Music-Dramas is the result of a conference on the relations between Chinese and Japanese music-drama held at the University of Michigan, Ann Arbor, on October 1-4, 1971. In addition to the Association for Asian Studies, four U-M departments participated in the conference: the Center for Japanese Studies, the Center for Chinese Studies, the School of Music, and the Speech Department. One important inspiration for

the creation of such an interdisciplinary conference was the fact that each participant had found, after years of individual research on music-drama in East Asia, consistent frustration caused by attempts to deal on their own with multiple cultural and technical problems. Another motivating force was an awareness among many members of the four disciplines involved that the topic is in fact one of the largest untouched fields of scholarly endeavor in both Asian and theatrical studies. The collection opens with J. I. Crump's exploration of the Ming commentators who began to subject Yüan musical drama to the same critiques as other

literature from the past. In the second chapter, Rulan Chao Pian looks to the structure of arias in Peking Opera for clues about what distinguishes this art form. William P. Malm turns to three key sources for the performance conventions of Japanese Noh drama to glean any Sino-Japanese music relationships that exist in technical terms and practices. In the fourth essay, Carl Sesar analyzes a Noh play that stages the tension between Chinese influence and Japanese originality. Roy E Teele concludes the volume with a formal study of Noh play structure to assess lineages of influence from Chinese dramatic forms. After each contribution,

the editors print a transcript of the conference participants' discussion of that paper, providing the reader with a detailed and nuanced view of how the contributors understood and responded to each other's work.
