Examining British, French, and American novels, Kaye (English, Hunter College of the City U. of New York) argues that flirtatious eros in late-18th and early-19th century texts is a largely unexplored, distinct realm of experience. Flirtation in these novels suggests that the aim of desire is not the realization of desire by rather deferral itself. Flirting represented a reckless adventurism that violates middle-class aspirations and interests. The lack of a thorough examination by critical theorists of this vital part of Victorian and Edwardian literature is blamed on a dominating methodology in the field based on the ideas of Michel Foucault. What is flirtation, and how does it differ from seduction? In historical terms, the particular question of flirtation has tended to be obscured by that of seduction, which has understandably been a major preoccupation for twentieth-century thought and critical theory. Both the discourse and the critique of seduction are unified by their shared obsession with a very determinate end: power. In contrast, flirtation is the game in which no one seems to gain the upper hand and no one seems to surrender. The counter-concept of flirtation has thus stood quietly to the side, never quite achieving the same prominence as that of seduction. It is this elusive (and largely ignored) territory of playing for play's sake that is the subject of this anthology. The essays in this volume address the under-theorized terrain of flirtation not as a subgenre of seduction but rather as a phenomenon in its own right. Drawing on the interdisciplinary history of scholarship on flirtation even as it re-approaches the question from a distinctly aesthetic and literary-theoretical point of view, the contributors to *Flirtations* thus give an account of the practice of flirtation and of the figure of the flirt, taking up the act's relationship to issues of mimesis, poetic ambiguity, and aesthetic pleasure. The art of this poetic playfulness—often read or misread as flirtation's "empty gesture"—becomes suddenly legible as the wielding of a particular and subtle form of nonteleological power.
